ELIA HL

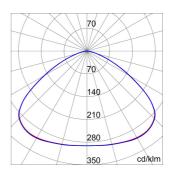

ELIA HL is an LED highbay designed for indoor industrial, logistics and tertiary applications, where efficiency, high luminous output, precision and resistance are required. Available in 3 power steps (120 W, 150 W and 200 W) with a standard colour temperature of 4,000 K (neutral white) and a colour rendering index of 80, the range allows for great flexibility with its multiple possible combinations: 3 optics options (60°, 90° and 120° beam angles in polycarbonate lenses) and 2 integrated power supply options (On/Off and DALI). The luminaire can be suspension-mounted through the hook attachment integrated into the upper part of the device, and thanks to its black powder-coated die-cast aluminium body with incorporated heatsink, it is tough, durable (IP65 and IK08) and able to withstand harsh environmental conditions (such as ambient temperature variations from -30°C to +50°C).

GENERAL INFORMATION	-	OPTIC AND ILLUMINATING FEATURES	-
Context	Industry and logistics lighting	Optiek	120°
Luminaire	High-power LED luminaire	Unified Glare Rating	_
Toepassing	Intern	Lumen-	22500
		vermogen (Im)	
Unique digital code (Datamatrix)	Currently not present	Efficacy	150
		(Im/W)
