
CHORUS MART
ELEGANCE AND TECHNOLOGY
FOR THE ARCHITECTURE OF TODAY
GEWISS

MORE INNOVATION FOR YOUR IDEAS

Your designs excite, transform living spaces, add beauty and celebrate the spirit of the architecture.

You are constantly seeking innovations that can make your designs more environmetally conscious and offer greater well-being to those who experience them, delivering what they need in their daily life.

With the ChoruSmart ecosystem devices, you can unleash your creative flair to combine seduction and technology, environmental responsibility and comfort. You can choose from a range of solutions and connected systems designed to simplify every function of the home.

TRANSPARENCY AND TECHNOLOGY

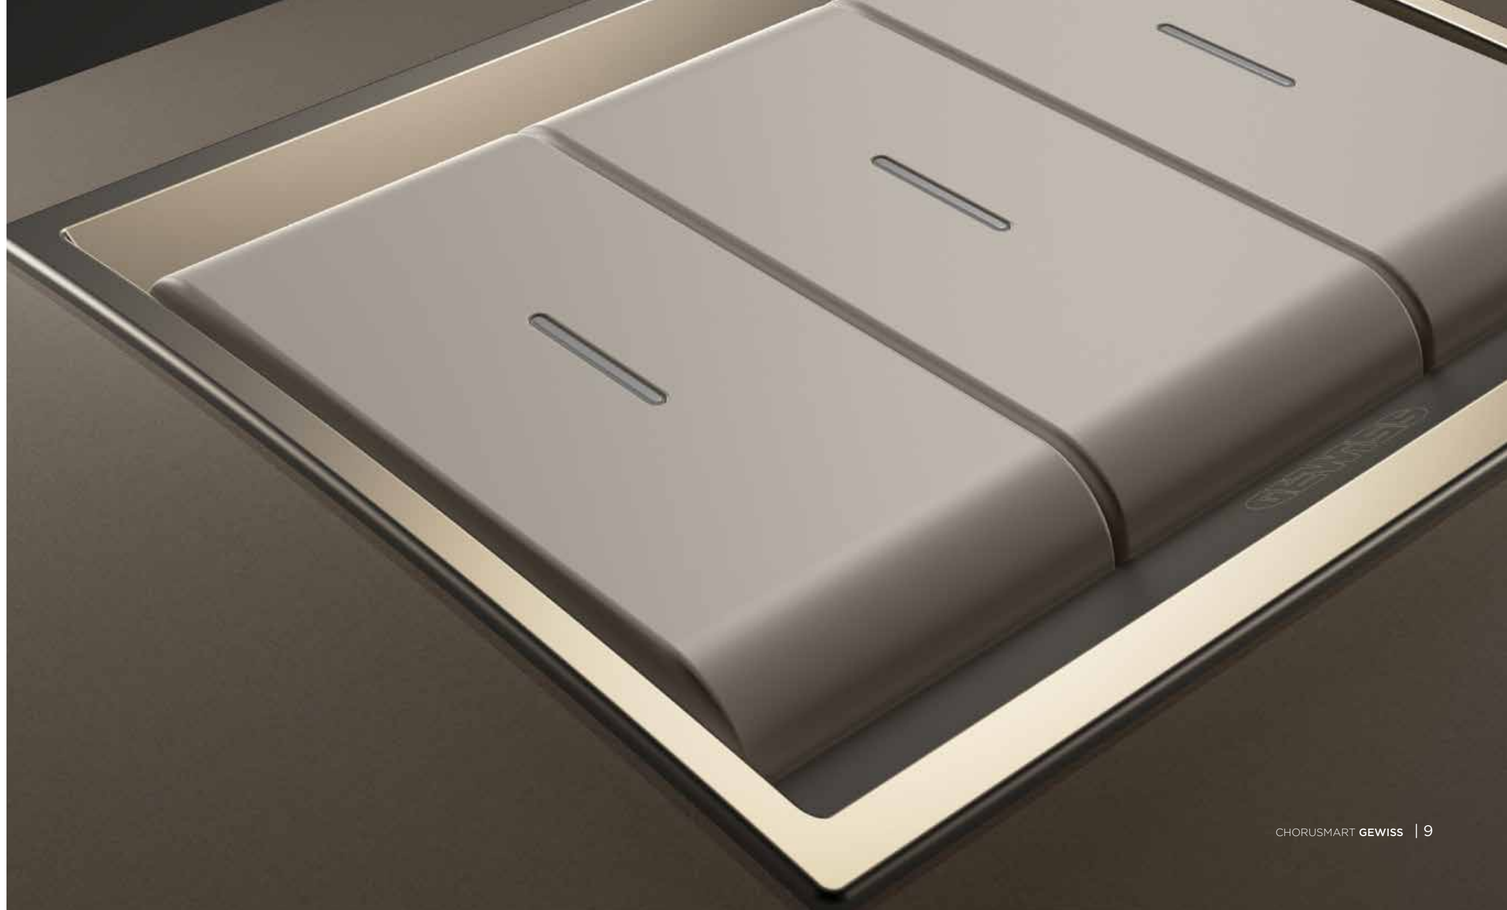

Glass is a world of transparency and light.
It adds depth to spaces, proposing multiple vistas. Glass illuminates, its reflections open up new horizons and reveal unexpected viewpoints.

THE MELODY OF LIGHT AND SHADE

Light plays over surfaces, outlines shapes, adds unexpected depth and creates a harmonious dialogue between natural and artificial reflections.

THE SENSE OF THE SENSES

An abundance of textural, tactile and colour sensations. Monochromes that enhance depth and structure, glossy surfaces that reflect the infinite and eye-catching matt finishes.

THE CHORUSMART VALUES

If you add your imagination
and sensibility, you can achieve:

- Uniquely designed bespoke projects
- Character and identity
- Exclusive shadings and textural effects
- Technology that enhances the dialogue between people and their environment

ICE and ICE TOUCH

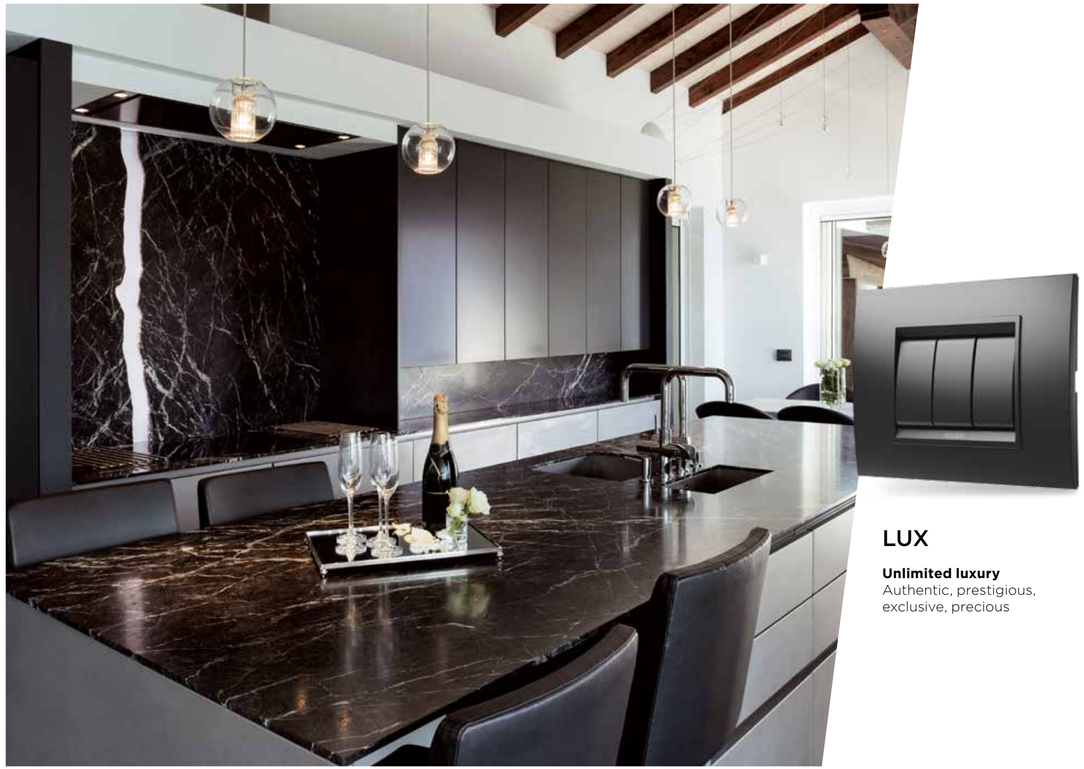

Refined smartness
Elegant, pure, evocative and perfect style

EGO and EGO SMART

Innovative living
Creative, versatile, interactive, fast

LUX

Unlimited luxury
Authentic, prestigious, exclusive, precious

GEO

Iconic character
Minimal, contemporary, simple, agile

ONE

Youthful look
Soft, timeless, welcoming, eclectic

TECHNOLOGY AT THE SERVICE OF PEOPLE

With ChoruSmart, GEWISS inaugurates a range of solutions at the service of people, with systems designed to make all home functions intuitive.
The result is an evolved ecosystem that heightens the in-home experience, elevating it to a more engaging, multi-sensorial dimension.

This collection of versatile devices makes every action within the home simpler, increases living comfort now and for the future, and offers safety, energy savings and well-being.

BESPOKE SOLUTIONS FOR EVERY PROJECT

A high level of customisation

The colour and finish of the plates can be customised. You can adapt the system to the style of the rooms and enhance every application solution.
Thanks to pad printing and laser engraving, the plates can be enhanced with lettering, brands and logos.

CHORUSMART

A unique solution for every style. Timeless

FLEXIBLE

A combination of colours, materials, finishes and shapes that use the same support.
A mosaic of technology, elegance and performance that satisfies every taste and need, whatever configuration is chosen and installed.

SCALABLE

A complete domestic range, able to satisfy all application and function needs. It guarantees solutions ranging from Traditional to Smart Home and Home&Building Pro. It offers numerous building control options, from traditional push-button control units - axial, rocker or soft-click - to touch buttons, and from connected control units to voice commands and the convenience of app-based controls.

CONNECTED

The Smart Home solutions offer a wide and complete variety of smart functions for residential applications, with intuitive user control. Ideal for both new buildings and renovations.

WALL PLATE SUPPORTS

Standard support for rectangular boxes, robust and compact, suitable for all the plates: **ONE, GEO, EGO, LUX and ICE.**

Smart support for rectangular boxes, durable yet slimline, optimised for the **EGO SMART** plates. Also compatible with the rest of the ChoruSmart plates.

BUTTON KEYS

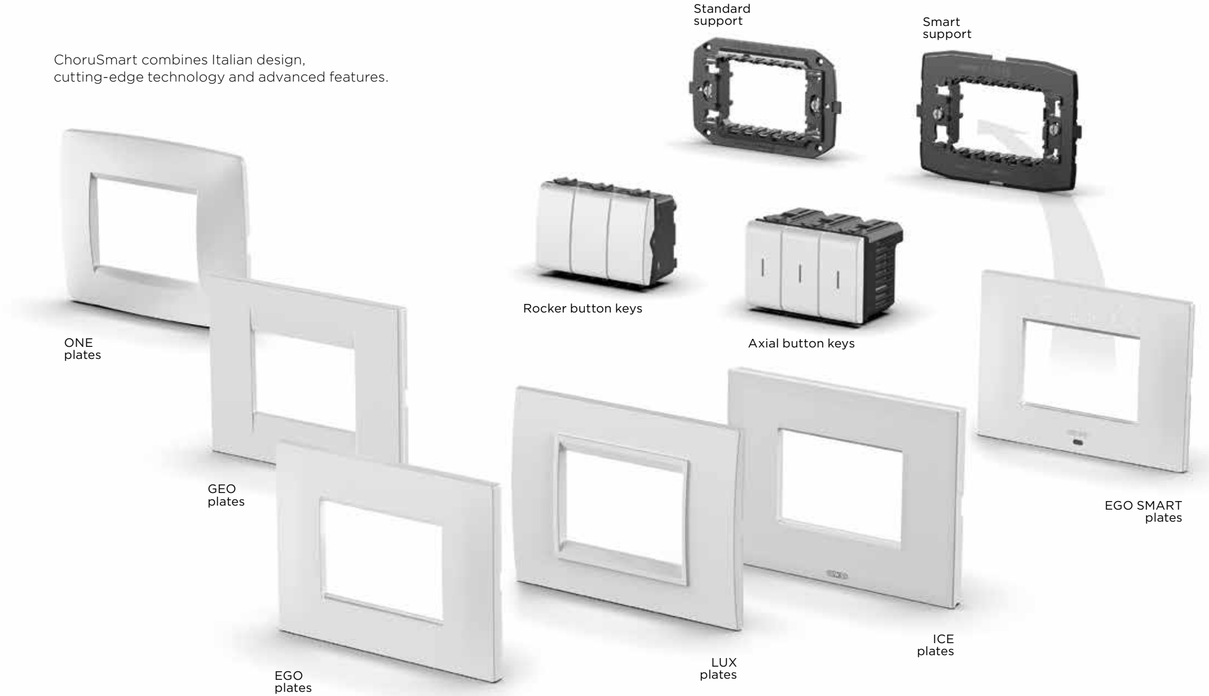

Axial button keys

Rocker button keys

Axial and **rocker button keys** are compatible with all supports (smart and traditional) and with all the ChoruSmart plates.

ChoruSmart combines Italian design, cutting-edge technology and advanced features.

DEVICES

COLOURS AND FINISHES

The plates are completed with the ChoruSmart devices available in five colourways: three with a satin finish and two with a glossy finish.

Satin

Titanium

DEVICES

PERFECT ERGONOMICS

ChoruSmart offers the best technologies for a functional and aesthetic experience, suitable for everyone. Everyday gestures of simplicity, sensation, comfort and relaxation.

Axial control units
Flat surfaces and endless elegance. The button keys remain aligned even after they have been pressed. Both in the traditional and connected versions.

Touch control units
Have sophisticated style thanks to the customisable back-lit symbols and the plates made completely of glass.

Rocker control units
Timeless forms for the rocket control units, both in the traditional versions and for those with soft-click operation.

DEVICES

COMPLETE SOLUTIONS

ChoruSmart has a variety of solutions that meet all the needs of modern domestic living: making rooms secure, monitoring power consumption and ensuring home comfort. Solutions for all needs, whatever the level of system selected: Traditional electrical installation, Smart Home and Home&Building Pro.

Traditional electrical installation

Thermo ICE WiFi

Smart Home

Home Gateway app

Home&Building Pro

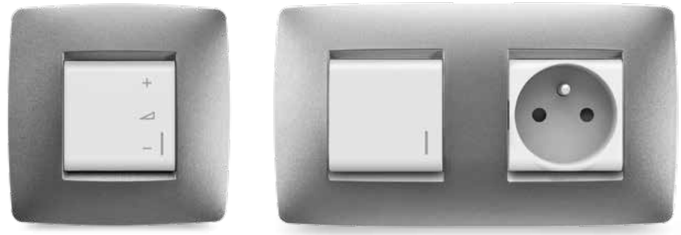

Touch panel

DEVICES

INTERNATIONALITY

The sockets, the control units and the plates are available in a wide range of international standards to offer exceptional installation versatility and meet all needs.
