| Category   | Push-button                  | Button key   | With interlock                 |
|--|------------------------------|--|--------------------------------|
| Symbol   | UP - DOWN                    | Colour   | White                          |
| Description  | 1P NO+NO - 10A               | Voltage  | 250 V ac                       |
| Signalling unit  | -                            | Standard   | EN 60669-1                     |
| Resistance at test voltage                                   | 2000 V at 50 Hz for 1 minute | Insulation resistance  | > 5 MOhm                       |
| Wiring terminals   | With screw                   | Prolonged operation switch (no.of position changes)                | 40.000 at In 250 V ac cosφ=0,6 |
| Thermo-pressure with ball                                    | 125 °C                       | Glow Wire Test   | 850 °C                         |
| Terminal grip on cable traction                              | > 50 N                       | Terminal tightening capacity<br>stranded cables (mm <sup>2</sup> ) | min. 0,75 - max. 2x4           |
| Terminal tightening capacity solid cables (mm <sup>2</sup> ) | min. 0,5 - max. 2x2,5        | No. SYSTEM modules   | 1                              |
| Material   | Technopolymer                | Electrocod   | 0130                           |
