

## Product Data Sheet GW20821

SYSTEM WHITE - Domestic range

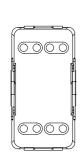

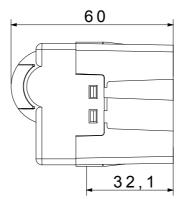

The System modular devices make it possible to create infinite combination between devices and plates, thanks to a complete range that is able to satisfy all design, functional and installation requirements. Colour and finiture: glossy white, bright and versatile

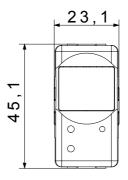

The range includes commands, socket- outlets, protection, indicators, connectors and devices for the control, safety and comfort of your home.

| Output contacts                                     | 1NO 3A(AC1) 250V ac            | Colour                          | White                        |
|---|--------------------------------|---------------------------------|------------------------------|
| Supply voltage                                      | 230V ac - 50/60Hz              | Technology                      | Infrared                     |
| Standard  | EN 60669-1, EN 60669-2-1       | Resistance at test voltage      | 2000 V at 50 Hz for 1 minute |
| Insulation resistance                               | > 5 MOhm                       | Wiring terminals                | With screw                   |
| Prolonged operation switch (no.of position changes) | 40.000 at In 250 V ac cosφ=0,6 | Thermo-pressure with ball       | 125 °C                       |
| Glow Wire Test                                      | 850 °C                         | Terminal grip on cable traction | > 50 N                       |
| Terminal tightening capacity                        | min. 0,75 - max. 2x4           | Terminal tightening capacity    | min. 0,5 - max. 2x2,5        |
| stranded cables (mm²)                               |                                | solid cables (mm²)              |                              |
| No. SYSTEM modules                                  | 1                              | Material                        | Technopolymer                |
| Electrocod  | 0513                           |                                 |                              |
