

Complete system for the connection and distribution of LAN networks in residential and tertiary sector environments. The range includes fibre optic solutions, wall panels, floor cabinets and copper wiring products. Data Center boards and cabinets are available in a wide choice of modularity and different depths (up to 1000 mm), for adapting to every application need.

Made with high quality materials (static flow at full load can reach 1000kg), the products are also characterised by their simple wiring (thanks to large internal volumes) and complete customisation, with removable and reversible front doors.

Description	Air circulation unit	Characteristics	220-240 Vac - 50/60 Hz - 2x28 W
Material	Steel	Finishing	Wrinkle
Colour	Black RAL 9005	Accessories supplied	Thermostat
Standard	EN 60335; EN 60950; EN 55014; EN 61000; EN 60529; EN 60730	Electrocod	3752
