

Product Data Sheet DX26250

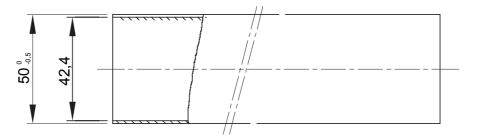

RK Range

Rigid protected conduit system range RKHF made in thermoplastic PP material, Halogen Free in compliance with EN 60754-2, classification 4422. In compliance with IEC 61386-1 (CEI 23/80) e IEC 61386-21 (CEI 23/81). The conduits are available in: 4 sizes from 16 to 32 mm for length 3 metres, 7 sizes from 16 to 63 mm for length 2 metres. Suitable for electrical systems and/or data transmission, particularly in public places (schools, cinemas, theatres). Installation type: exposed on walls and ceilings or for applications inside false ceilings and floating floors.

	Grey RAL 7035	Material		PP	
	2	External Ø conduits (mm)		50	
42.4		Type of material	Halogen-free in complia	Halogen-free in compliance with EN 60754-2	
	21220	Resistance to compression	e to compression 4 (Heavy - 1250 N)		
	4 (Heavy - 6 J)	Resistance to bending		1 (Rigid)	
2 (With electrical insulating	characteristics)	Protection against ingress of solid objects without accessories 0			
Protection against ingress of water objects without accessories 0		Resistance against corrosion	Polypropylene naturally	Polypropylene naturally resistant to corrosion	
1 (Non-flame propagating)		Insulation resistance	100 M 0	100 M Ω a 500V for 1 minute	
Protection against ingress of solid objects with accessories 4/6		Protection against ingress of water with accessories 0/5/
