

Product Data Sheet GWA1242

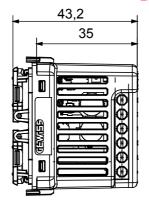

Connected SMART HOME

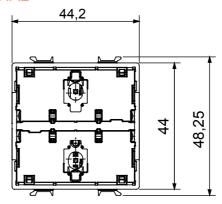

Wireless connected device with Zigbee protocol from the ChoruSmart system that can be with Home Gateway for "CONNECTED SMART HOME" solutions, for residential and small offices, both for new builds and renovations. Zigbee technology is a secure and reliable technology in which data is encrypted and every node in the network ensures reachability across all devices (mesh network).

| Power supply | 100 ÷ 240 V ac - 50/60 Hz | No. of channels | 2 |
|-----------------------------------------------|-------------------------------------------------------------------------------------------------|----------------------------------------------------|-------------------------------------|
| No. modules | | Radio connections | Zigbee (IEEE 802.15.4) |
| Standard - | | Working temperature | -5 ÷ +45 °C |
| Relative humidity (non-condensative) Max 93% | | Power output Zigbee | 10 dBm |
| Wiring terminals | | Terminal tightening capacity stranded cables (mm²) | Max. 1,5 |
| Terminal tightening casolid cables (mm²) | apacity Max. 1,5 | Category | 2-channel push-button control panel |
| No. input channels | 2 (for local command replication or sending additional Zigbee commands) | Input voltage | Mains supply voltage |
| IP degree | IP20 (with button key) | LED colour | Blue |
| Local control | Via 2 front push buttons (to complete with button key) | Power supply of EGO SMART plate | Yes |
| Zigbee control extens | ion if Massa(12e7digrobene Economiscalman Bodip batted (Solithi Filifo fut poolissim) puttons) | | |
