Complete system for the connection and distribution of LAN networks in residential and tertiary sector environments. The range includes fibre optic solutions, wall panels, floor cabinets and copper wiring products.
Data Center boards and cabinets are available in a wide choice of modularity and different depths (up to 1000 mm), for adapting to every application need.
Made with high quality materials (static flow at full load can reach 1000kg), the products are also characterised by their simple wiring (thanks to large internal volumes) and complete customisation, with removable and reversible front doors.

Opis	Pusty panel krosowy 10"	Charakterystyka	Odpowiednie dla 8 gniazd RJ45 UTP/FTP
Kompatybilno??	Gniazdo Keystone	Materia?	Stal
Wyko?czenie	Zmarszczka	Kolor	Czarny RAL 9005
Ci?g?o?? okablowania	1U	Electrocod	3752
