

Ceiling device. Steel sheet body painted white. Plastic prismatic diffuser. Mid Power LED lighting source. Emergency version with NiCd batteries kit 3h autonomy.

Application	Internal	Type	Emergency
Installation	Ceiling	Dimensions (mm)	600 x 600
Mechanical resistance	IK03	Voltage	230/240 V - 50 Hz
Voltage	230/240 V - 50 Hz	System power	28 W
Weight (kg)	5.4	Lamp	LED
Colour	White	Lumen output (lm)	3100
Optic	Dark Light	IP degree	IP20
Insulation class	I	Driver type	Constant Current Driver Led
Operating temperature	-20 +25 °C	UGR	<=19
Warranty	Can be extended	Colour temperature	4000 K (CRI>80)
Type of light source	LED - Not replaceable	Efficiency class of integrated LEDs	A ÷ A++
Electrocod	2419	Luminous flux in emerg. [lm]	290
